AZERBAIJAN STATE OIL AND INDUSTRIES UNIVERSITY

Electrical Engineering
2018-2022

BAKU CREATIVE CENTER

Videography and video edit
2019-2021

ABOUT ME

Since 2019, I have been working as a freelance videographer. In addition to the experience I gained in agency and television environments, I have worked on a variety of video projects across different genres. I am highly proficient in Adobe Premiere Pro, and I work at a professional level with After Effects, DaVinci Resolve, and Photoshop. My goal is to create high-quality content through visual storytelling, editing, and a creative perspective.
